## ACRYLIC SYSTEM

### PURELY PINK MASQUE

#### STEP 1:

Thoroughly prep the natural nail. Apply an **Precision Nail Tip**. Cut, file and blend. Reapply **Nailpure Plus** and apply **Attract (Acid-Free) Primer** liberally. Using **Attraction Purely Pink Masque Powder**, start in Zone 3 using a medium-wet mix ratio. Place a bead near, but not touching, the cuticle. Press from side to side to get even coverage. Pull and brush the bead into Zone 2 until it has been thinned and has a grainy appearance.

#### STEP 2:

Continue using a medium-wet mix. Place another bead of **Attraction Purely Pink Masque Powder** on the area of Zone 2 that was thinned down and press the bead from side to side to get coverage. Pull and brush the bead into Zone 1 until it has been thinned and has a grainy appearance.

#### STEP 3:

Using **Attraction Radiant White Powder**, continue working with a medium-wet mix ratio. Place the bead in the middle of Zone 1 creating your smile line away from the natural free edge line. Using the tip of the **Royal Precision Brush**, lightly press from side to side to evenly distribute the product. By using gentle pressing, pushing, and guiding techniques, you can create deeper corners. Smooth down over the entire extension edge.

#### STEP 4:

Overlay the entire enhancement with a thin layer of **Attraction Totally Clear Powder**, using a medium-wet mix ratio. File and shape with an **Endurance 180/180 Grit File**. Clean the nail using a **Nail Wipe** saturated with **Cleanse**.

#### STEP 5:

Apply **Glaze 'n Go** in polish style strokes and cure in any full hand UV lamp for 90 seconds. Apply **Nurture Oil** to the cuticle and massage in to complete the service.

Viola! An extreme makeover with **Attraction Purely Pink Masque**.
