UV GEL SYSTEM

EXTREME NAIL MAKE OVER WITH BODY BUILDER COVER PINK

STEP 1:

Thoroughly prep the natural nail. Apply a **Precision Clear Nail Tip**; cut, file and blend. Reapply **Nailpure Plus** and apply **Balance Bond (Acid-Free) Primer**. Apply thin "lock-in" layer of **Balance One Step Clear Gel**. Cure in any full hand UV lamp for 90 seconds.

STEP 2:

Apply a layer of **Balance Body Builder Cover Pink Gel** to the entire surface. Cure in any full hand UV lamp for 2 minutes to ensure a complete cure for opaque gels.

STEP 3:

Depending on your preference for coverage, you may want to apply a second coat of **Balance Body Builder Cover Pink Gel** and cure again.

STEP 4:

Remove the tacky layer using **Cleanse** on a **Nail Wipe**. Using **Secrets Removable Brush On French White Gel**, paint a smile line. Cure for two minutes in any full hand UV lamp.

STEP 5:

Without removing the tacky layer, apply **Balance Finish Clear Gel** and cure for 90 seconds. Remove the tacky dispersion layer with a **Nail Wipe** lightly saturated with **Cleanse**. Or apply **Glaze 'n Go** in polish style strokes and cure in any full hand UV lamp for 90 seconds. Apply **Nurture Oil** to the cuticle and massage in to complete the service.
